

Section 179 Tax Program Offers Big Savings for Contractors

Section 179 of the federal tax code has been extended and expanded to allow businesses to deduct the full purchase price of qualifying equipment and/or software from your yearly gross income. In addition the Bonus Depreciation has also been doubled, driving even more savings.

- 2018 Deduction Limit = \$1,000,000
- Outright purchases & financed purchases qualify
- Machines, machine control, software & survey equipment all qualify
- 2018 Spending Cap on Equipment Purchases = \$2,500,000
- Bonus Depreciation = 100%

Act Now to Take Advantage

To take advantage of these great savings, you need to take delivery of the qualifying purchase by **12/31/2018**.
